

**History of Information and Communication Technologies,
Grants
Year 2010-2011**

The Association for the History of Telecommunications and Computing (AHTI) offers for the year 2010-2011 two grants of 1500 EUR each to **graduate students and PhD candidates** in history geography, sociology, economics, communication sciences, management, archive science, etc. The project must deal, at least partly, with the history of telecommunications, computer science or electronics, in France or elsewhere in the world. The thesis or dissertation will be written either in French, English, German, Spanish or Italian. A 10-page summary in French will be required for the works which won't be in French.

The projects will be selected by the scientific board of the Association . The application must include a *curriculum vitae* and a scientific project consisting of : a presentation of the research project mentioning the questions to be raised, a bibliography and a presentation of the **sources**. A **cover letter written by the candidate** and a letter of recommendation from the research supervisor must be attached.

The application must be emailed to the AHTI before the **31st of January 2011**: ahti@noos.fr
